

Southern Hurt in Motorcycle Crash.
Joseph J. Moyan, twenty-five, and his brother William, twenty-one, of No. 1776 Third Avenue, arrived at the Pennsylvania Terminal to-day suffering from injuries received last evening in a collision near Centre Moriches, L. I. They were riding their motorcycle when a motor truck driven by T. Lachar of Eastport, L. I., struck them. William was taken to Bellevue Hospital.

Blaming the Light.
(From the Indianapolis Star.)
Many a case of love at sight is due to dimness of the light.

Try To Have This Beautiful Hair

Says Fat People Now Rejoice

Testimony Proves Arbolone Safe, Sure Reducer.
Enjoys Wide Sale Amongst Educated Wealthy Set.

The physician who originated the Anti-Fat treatment known to physicians and druggists as "five-grain tablets" Arbolone is being praised and thanked by scores of women in the class known as "society devotees." A literary woman in Los Angeles, being so highly elated over her success in reducing, has written a clever little poem, which recites the facts and expresses deep gratitude as well. To safely and surely reduce from 20 to 60 pounds is easily accomplished when "five-grain tablets" Arbolone are used regularly. They are not drastic or dangerous, used as directed, but simply and surely dissolve the fatty elements and eliminate them from the system. Also, they remove the craving for such foods as are not desirable for fat people. Lifeitin, Arbolone is superior to all other anti-fat medicines, as it automatically overcomes the abnormal, perverted appetite for starchy foods, etc. Sold by all druggists in sealed tubes with full directions.—A.B.

TRAINING CAMP PREPARES AGAINST RAINY WEATHER

Plattsburg Buildings Fitted as Class Rooms for Study on Stormy Days.

PLATTSBURG, May 24.—The Officers' Training Camp in a few days will be in position to defy the weather. Rain for the last forty-eight hours had somewhat retarded the work. The two large brick barracks and the gymnasium are being refitted into classrooms. These buildings are steam heated and will provide accommodations for all the thirty companies at once and enable the men to get in out of the wet at any time and continue their studies.

The dormitories also are being overhauled. Individual cots are being replaced with frame bunks with upper and lower berths, thereby doubling the available floor space.

Troop 1 of the Second Cavalry, the garrison of the post, has just been brought to full war strength by the addition of twenty-eight recruits. Among them is J. B. Walsh, son of John Walsh, a contractor of New York.

More men have received commissions as reserve officers. Harry F. Chinner, a First Sergeant of the Twenty-second Infantry, has been made Captain of Infantry and James H. O'Reilly, also a Sergeant, a Second Lieutenant. Robert E. Grogan, Bloomfield, N. J.; Robert E. Crandall, Bedford Hills; Archibald B. Roosevelt, Henry S. G. A. Raw, a Columbia student, have been appointed Second Lieutenants. Frank L. Nelson, a New York newspaper man, has been commissioned Major.

The camp has lost its Chief of Medical Staff, Lieut. Col. F. P. Reynolds, who has been ordered to Washington to take charge of field sanitation for the army. Major Conrad E. Koerber takes his place.

Delaney Jay of New York, a Captain in the Reserve Corps, was taken to the Champlain Valley Hospital to-day with pneumonia. Ivan Wood, also of New York, is in the same hospital with a slight fever.

Walter Scheffel, who has been in the hospital with pneumonia, left for the Lake Placid Club to-day in a convalescent state.

Capt. W. H. Peek from Hampton, Va., and Capt. L. D. Booth from Fort Monroe, both of the Coast Artillery, reported to-day for camp duty.

BIG SHORTAGE OF FARM LABOR, CENSUS SHOWS

Decrease of 15,909 Hired Men as Compared With Last Year, Says Report to Whitman.

ALBANY, May 24.—In a report to Gov. Whitman the State Food Supply Commission says a census of the State shows a shortage of farm labor and a striking increase in the area of fruit, wheat, beans and vegetables, with consequent decrease of the grain crop.

There is a decrease of 15,909 hired men on farms as compared with figures of last year. More than 10,000 have left school for farm work and several thousand have gone to farms from various colleges.

The census report shows that 24,238 boys could be used on farms.

ROCKAWAY CITY BILL IS VETOED BY MITCHELL

Mayor Points Out It Would Cut Off \$52,800,000 Worth of Taxable Realty.

The legislative bill providing for the separation of the Rockaways from the city of New York and the foundation of a new city on the Rockaway peninsula was disapproved by Mayor Mitchell to-day. Advocates of the plan to divorce the Rockaways from the greater city announced that they will bring the matter up again in the next Legislature and attempt to put through a bill which will overcome objections raised by Mayor Mitchell.

The Mayor based his disapproval on several features of the proposed legislation. His chief objections were that the proposed division would impair the city's credit, cause confusion of jurisdiction over the Jamaica Bay water front and deprive the city of control of miles of ocean beach front.

The Mayor points out that the Rockaways include more than \$52,800,000 worth of taxable realty, which pays into the city upward of \$1,130,000 in general property taxes and that the peninsula also returns to the city from \$50,000 to \$70,000 in special revenues.

To cut off realty values of \$52,800,000 from the city would mean the reduction of the security upon which the city's bonds are based by that amount and prejudice the interests of 14,000 investors in the bonds of the city. The constitutional debt-incuring power of the city would be immediately reduced \$5,280,000 in the face of impending necessity for vast additional sums required by the dual subway system.

FIREMEN SAVE WOMEN.

Smoke Cuts Off Stairways at Apartment House Blaze.

The occupants of two five-story apartment houses, Nos. 681 and 683 Amsterdam Avenue, at the corner of Ninety-third Street, were given a scare this afternoon when a fire which started in the basement of No. 681 spread by way of the airshaft, the dense smoke making it impossible for many of the tenants to use the stairways. All reached the street safely, firemen taking six women from a dressing room on the second floor of No. 681 by means of ladders. Other tenants were carried over the roofs.

PRINCIPAL OLIVER LOSES APPEAL AND HIS JOB

His Dismissal for Part in Hoboken Divorce Case Is Upheld.

What is supposed to be the final chapter in one of the most sensational social upheavals in the history of Hoboken was announced this morning when it was learned that the appeal of School Principal Edwin W. Oliver, who was dismissed from Public School No. 9 following the disclosures in the Demarest divorce case last year, had been dismissed by the State Commissioner of Education.

Oliver was cited as correspondent in the divorce action brought last year by Superintendent of Public Schools A. J. Demarest against Mrs. Demarest. The decision was a refusal of the petition asked by Demarest, but the evidence was such that Oliver was immediately

afterward dismissed by the Hoboken Board of Education on the ground he had been guilty of conduct unbecoming a school principal. It was against this dismissal that he appealed to the State Commissioner.

In his decision Assistant Commissioner of Education John Bright sustaining the action of the local board, said his decision mainly on the admissions made at the divorce trial by both Mrs. Demarest and Oliver that they had met on many occasions, because he had agreed, at the suggestion of Mrs. Demarest, to constitute himself a private detective to spy on her movements of her husband, whom, he said at the trial, she suspected of infidelity.

Thirty days are allowed in which an appeal can be made from the Commissioner of Education's decision to the State Board of Education. It could not be ascertained this morning whether or not Mr. Oliver, who is now a married man, will appeal against the affirmation of the Board of Education's decision.

Three Men Killed in Trying to Rob a Bank.

ARMORE, Okla., May 24.—Three men were killed to-day when they attempted to rob a bank at Muskogee, Okla.

BIG SHIPBUILDING PLANT FOR U.S. STEEL NEAR N. Y.

Corporation Acquires 62 Acres on the Newark Meadows Along the Hackensack River.

In pursuance to its undertaking to start the construction of a great plant for building merchant vessels of uniform type to meet war emergencies, the United States Steel Corporation announced to-day the purchase, through Joseph P. Day, of sixty-two acres on the Newark Meadows, along the Hackensack River. The tracks of the Newark branch of the Central Railroad of New Jersey run along the edge of the tract.

Immediately back of the new plant will be the tract taken by the govern-

ment for the establishment of a yard for the building of wooden ships, and very near it is the site of the new Henry Ford \$10,000,000 industrial plant. All but eighty acres of the available factory sites in this immediate neighborhood have been absorbed within a few weeks.

The U. S. Steel Corporation will use its subsidiary, the American Bridge Company, as its shipbuilding agent. The immediate output will be boats of twelve foot draught suited to the barge canal opened last week for traffic from the Great Lakes to tide-water.

Presbyterians Still Hope for Union of North and South.

BIRMINGHAM, Ala., May 24.—The General Assembly of the Presbyterian Church (Southern) in the United States, decided to-day by a vote of 140 to 49 in favor of appointing a committee to confer with a like committee from the northern branch of the church on the question of union.

Stop Corn Pain in Two Minutes By the Clock—Easy and Simple

THE MAGIC TOUCH OF ICE-MINT DOES IT. JUST A TOUCH STOPS THE SORENESS. THEN THE CORN OR CALLOUS SHRIVELS AND LIFTS OFF. TRY IT. YOUR FEET WILL FEEL COOL AND FINE.

Thanks to a new discovery made from a Japanese product your foot troubles can be quickly ended. Ice-Mint, as the preparation is called, is said to shrivel up hard corns, soft corns or corns between the toes, so that they can be lifted out easily with the fingers.

Put a little on any tender corn or callous. Instantly the soreness disappears, and shortly the corn or callous will loosen so that it can be lifted right out with the fingers—root and all. No footbath.

SUNDAY WORLD. WANTS WORK MONDAY WONDERS.

Franklin Simon Ready-for-Service HAND-TAILORED SUITS FOR MEN

at \$25

HERETOFORE a hand-tailored suit and a \$25 price have been as irreconcilable as a Rolls Royce and a Rapid Transit salary. But we have changed all that. We have made it possible for you to wear hand-tailored clothes in Fifth Avenue models at a popular price. There is very little money in it, for hand-tailoring costs substantially more than machine work. But we are making the sacrifice because we believe it is good business to keep in touch with the \$25 man and reap the advantage of his recommendations. Shakespeare himself said that "we are advertised by our loving friends," and finely hand-tailored suits at \$25 are certain to create converts for us all along the line, not only at \$25, but also at those higher prices which alone permit of a fair margin of profit.

FEATURES	FABRICS
New two-button models	Checks
Two-button double breasted	Worsted
Straight or rounded fronts	Mixtures
Far forward welt pockets	Flannels
Longer, leaner lapels	Tropical Worsted
Skeleton or lightly lined	Blues, browns, grays, tans, and greens
